Speaker Info: Kyle Stahly has been a missionary to Ecuador for over 16 years. She worked in the women's prison in Ecuador. She and her husband have been to Keystone. They realized the potential they have by living and walking daily in the transforming power of the Holy Spirit and moving along with the intention of making disciples while reflecting the glory of God to those around them. It has become their one main drive in their lives. Her desire is to know God more and to make Him known.

Kyle and her husband, Phil, are moving to Seattle to be a part of Greg Getz's **Field 5** team. We ask that you pray for every aspect of retreat and especially Kyle as she comes to share what God is giving her to say, to the women of the Northwest. Pray we have ears to hear God and will be His obedient servants.
